

Top 5 Messages for Light Pollution Drawings:

1. "We're Losing Our Connection to the Night Sky"

- Show split skies: historical stargazing vs. modern light-polluted views.

2. "Light Pollution Disrupts Ecosystems and Wildlife"

- Illustrate turtles, birds, and insects misled or harmed by artificial lights.

3. "There Are Simple Solutions We Can All Implement"

- Include shielded lighting, timers, and warmer tones in your drawing.

4. "Light Pollution Affects Human Health and Well-being"

- Draw windows glowing into bedrooms, affecting sleep and circadian rhythms.

5. "Dark Skies Preserve Scientific Discovery and Wonder"

- Contrast observatories in dark vs. light-polluted environments.

Slogans to Use:

- Save Our Stars
- Too Much Light Is Pollution
- Let the Night Be Dark
- Dark Skies, Bright Minds
